## CHARACTER & PROP DESIGN LAYOUT / BG PAINT

Hello! I'm a 2D designer based in Toronto, where I make the imaginative leap from concept to screen. I believe that strong communication and collaboration are key to creating great animations. With a sprinkle of creativity and a dash of whimsy, I'm passionate about turning visions into vibrant stories—whether I'm sketching quirky characters or crafting fantastic props to interact with. Let's create something unforgettable together!

## WORK EXPERIENCE

### MMP Designer (Character/Props)

**Pipeline Studios -Remote/Hamilton, ON**

May 2022-Feb 2024

Animated TV Series "Lyla in the Loop"

- Worked as a funpack artist as well as a production designer
- Created character/prop assets from scripts
- Created, cleaned, coloured funpacked assets from Leica to be rig-ready
- Made rotations and design kits (MC, blinks, hand and feet charts etc) for assets

### Character/Prop Design Intern

**Pipeline Studios -Remote/Hamilton, ON**

May 2022-Feb 2024

Animated TV Series "Alma's Way" - First season

- Worked as a production designer
- Created, cleaned, coloured funpacked assets from Leica to be rig-ready
- Made rotations and episode-specific outfit changes for assets

### Location Design Manager, Character Designer

**2D Student Group Film**

Sept 2020 - Apr 2021

2D Short Film "Til Death Bring Us Together"

- Supervised the subsection of the team to meet deadlines
- Created and maintained a positive, collaborative environment
- Organized group tasks and holding meetings

### Teaching Assistant

2019

**Art Fundamentals at Sheridan College -Oakville, ON**

- Responsible for class organization, assisting basics of programs and interfaces
- Providing constructive feedback to students' artwork, and helping in critiques.

### Caricature Artist

2018

**US Army Base -Seoul, South Korea**

- Maintained clear communication and time management
- Created watercolour caricatures, and met the set expectations of customers.
- Adapted to different work environment settings.
